

OUR 2026

EXHIBITION CALENDAR

TOBBUND
BRIDGING BORDERS

As TOBBUND, we plan to take part in key exhibitions and events throughout 2026 in order to closely follow developments in our sector, engage with our national and international stakeholders, and promote our services to a wider audience.

In this context, the organizations we will attend are of great importance not only in terms of promotional activities, but also for developing new business collaborations, strengthening existing relationships, and observing sectoral developments on-site.

Our 2026 Exhibition Calendar

- **30 June – 2 July | Birmingham, United Kingdom** / Multimodal NEC Birmingham
- **7 – 9 October | Izmir, Türkiye** / Logistech – 5th International Logistics, Storage and Technologies Exhibition
- **3 – 5 November | Warsaw, Poland** / TransLogistica Poland – 13th International Transport and Logistics Exhibition
- **11 – 13 November | Istanbul, Türkiye** / International Transport and Logistics Exhibition

We Invite You to Visit Our Stand

We would be pleased to welcome our valued business partners, industry representatives, and all stakeholders to our stand at the exhibitions we will participate in throughout 2026.

During the exhibitions, you will have the opportunity to obtain detailed information about our services, operational processes, and the solutions we have developed, as well as to directly address your questions to our expert teams.

In addition, through the meetings we will hold, we aim to strengthen our existing collaborations, explore new business opportunities, and exchange ideas on business models that create mutual value.

We would be delighted to host you at our stand to evaluate developments in the sector together, share our experiences, and build sustainable collaborations.

One-on-One Meetings with Our Expert Teams

Our experienced teams at the exhibition area will be available to provide comprehensive information on transit processes, our digital solutions, and our operational services, and to conduct one-on-one meetings with you.

Recognizing that each business partner has unique needs and expectations, our meetings aim to offer tailored solutions and evaluate applications that can enhance the efficiency of your current operations.

Within this scope, you will not only gain detailed insights into our existing services but also have the opportunity to discuss new approaches that can add value to your processes directly with our teams.

We look forward to welcoming you to our stand to establish closer communication, develop tailored solutions, and explore alternatives that will contribute to your business processes.
