# BREAKING BARRIERS IN LOGISTICS; BUILDING THE FUTURE TOGETHER

Founded in 2012 through a partnership between the Union of Chambers and Commodity Exchanges of Türkiye (TOBB) and the International Transporters' Association (IATA), we set out to offer innovative solutions to the Turkish logistics sector, accelerate border crossings and eliminate obstacles to trade.

Since day one, we have secured a strong position in the logistics industry through our evolving service approach and customer-centric mindset tailored to the sector's needs.

Today, we combine our extensive expertise with advanced technologies to offer integrated solutions that make cross-border trade faster, more reliable and more sustainable. We work to simplify our customers' transit operations, anticipate potential challenges and develop the most effective solutions.

With our investments in digitalization, we manage logistics processes through smart systems and develop innovative applications aligned with industry dynamics. Thanks to our Transit Facilitation Centers, declaration preparation and tracking services, guarantee capacity and extensive service network, we ease our customers' operational burdens.

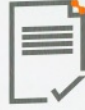

From customs procedures to AI-powered logistics solutions, we offer a broad range of services to maximize operational efficiency for our business partners.

As an influential brand in the expanding global trade network, we help strengthen our clients' competitiveness and shape our industry with a service approach that transcends borders.

# OUR SERVICES

**Tobbund Always Agile and  
Ready to Meet Your Needs**

## Transit Services

As Tobbund, we manage all necessary transit declaration processes for international and domestic transportation in a fast, secure and compliant manner.

Our NCTS Hub, the cornerstone of our digital infrastructure, works in full integration with the customs systems of Türkiye and Europe to make transit procedures faster and more efficient.

We simplify border crossings by submitting your T1, T2, and TR declarations via our NCTS software and under the Tobbund guarantee.

**T1 - T2 - TR**

# LOGISTICS SERVICES

Removing Obstacles  
*Ahead of You* 

## TOBBUND Transit Facilitation Center (TFC)

- Launched by Tobbund as the first of its kind in Türkiye under our Authorized Consignor permit, our Transit Facilitation Center (TFC) project significantly reduces time spent at inland offices for companies engaged in international road transport, thereby boosting their operational efficiency.
- Through our first project in Edirne, transit operations can be carried out at the TOBBUND Transit Facilitation Center located near the Kapıkule, Hamzabeyli, and İpsala border gates—without entering Istanbul traffic.
- Thanks to our modern 25,000 m<sup>2</sup> facility and with our professional teams, declaration, registration and sealing procedures can be completed in a short time as 1 hour. As a result, hundreds of trucks can bypass Istanbul traffic and reach border gates much faster.
- Our upcoming TFC projects in Mersin, Çeşme and Çatalca will begin operations in 2025.

# BORDER PASS

- Simplify your fuel purchases at the Kapikule and Ipsala border gates with the Border Pass Card, which allows for secure, deferred payments without the need for cash or credit cards.
- The card is assigned to each driver with a personalized credit limit and can be easily managed through our new software for balance, limit tracking and reporting. Furthermore, the card is linked to export declarations and fuel purchases can be tracked via our web-based system. You can include all your vehicles in the system and make payments up to the license plate-specific limits, optimizing your operational processes.
- To provide better service, we've upgraded our Tobbund Border Pass software. With its more modern, user-friendly and accessible interface, our new website is now much more functional.

**TOBBUND** BRIDGING BORDERS

- Practical use for international customers with a specially developed prepaid system
- Visit [poas.tobbund.com.tr](http://poas.tobbund.com.tr) to explore the new software and check the user guide in the Information Center at [www.tobbund.com.tr](http://www.tobbund.com.tr).

**TOBBUND** BRIDGING BORDERS

## TIR Carnet Services

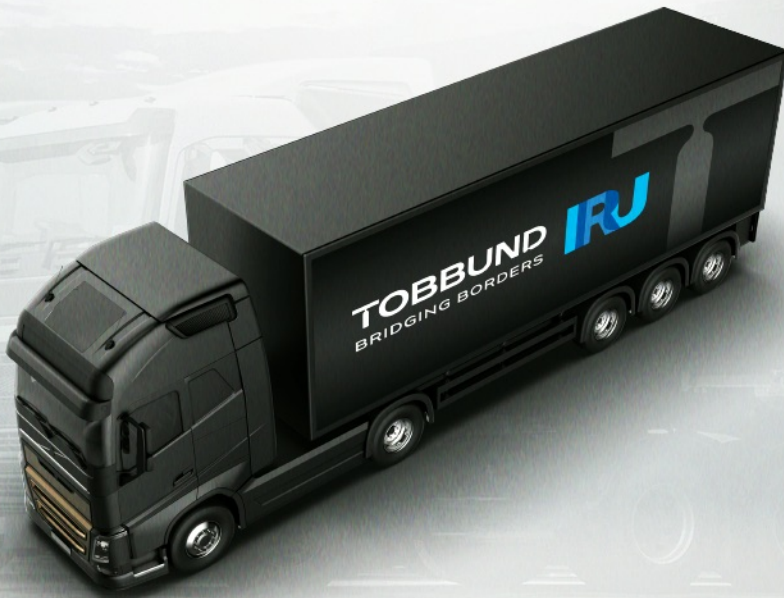

- You can purchase TIR Carnet at our Kapikule, Tobbund Transit Facilitation Center and Mersin offices. You can purchase TIR Carnet at our Kapikule, Tobbund Transit Facilitation Center and Mersin offices.

## Tobbund & IRU Partnership

- Our collaboration with IRU (World Road Transport Organisation) allows us to offer reliable, flexible and transparent logistics services across Europe.
- Common Transit System (T1/T2) guarantees are offered through the IRU platform with flexible purchasing options and transparent pricing tailored to operational needs.

## Meet Our New AI Assistant: Regista

- With Regista, our new AI-powered assistant, we've significantly reduced declaration preparation time and minimized errors.
- We efficiently manage declaration follow-up, financial monitoring and automated declaration writing with Regista.
- In the future, we will also rely on Regista for areas such as risk and guarantee management. Thanks to Regista, our business processes are now faster, safer and more efficient.
